Screw Products, Inc. Offers Turn-key Retail Solutions at 2014 National Hardware Show

GIG HARBOR, Wash. – Screw Products, Inc. will be reaching out to retailers this year at the National Hardware Show, May 6 – 8 in Las Vegas, Nev., to offer complete product sets that can be easily added to stores' shelves.

With five separate planograms appropriate for stores and lumberyards of all sizes, Screw Products, Inc. has created a simple way for retailers to purchase a wide range of fasteners at wholesale prices, and display them in a way that calls attention to the products while maximizing space.

Displays are offered for four-, six-, eight-, 10-, and 12-foot units, and signage is included. All of the schematics are complemented by Screw Products, Inc.'s new packaging, unveiled in 2013 on all of its products in all sizes including jars, pails and boxes.

With warehouses in Washington State and New England, Screw Products, Inc. also offers same-day turnaround on orders coast-to-coast on all of its products, which include a full range of fasteners for virtually any job and the proprietary DeckLok and RailLok Bracket Systems that are used to create stronger deck connections and to connect railing and fence sections to the post.

About Screw Products

Screw Products, Inc. has been providing quality fasteners backed by customer service since 1999. Its extensive product line offers and benefits such as type 17 augers, longer bit life, reduced splitting, and countersinking. Orders ship out the same day they are received; for more information, visit Screw-Products.com or call (877) 844-8880. **Screw Products, Inc. will be exhibiting at Booth 8065 at the National Hardware Show.**
